## Criterion: 1

### Key Indicator – 1.4 Feedback System

#### Metric No- 1.4.1

#### Teachers Feedback

Sub Criterion	Details	Remarks
1.4.1	Mechanism is in place to obtain structured feedback on curricula / syllabi from various stockholder Students, <b>teacher's</b> , alumni, employer and professionals	<b>2021-22 (Odd )</b> A. Analysis of Feedback B. Feedback & Action Taken

## Faculty Feedback Methodology (2021-22)

Teachers' feedback is an important parameter for quality improvement of the curriculum and the quality of the student of institution. Teacher's feedback on curriculum is received every year and evaluated by IQAC and necessary updating is carried in the curriculum design and syllabus for the betterment of the student community.

Feedback has been taken from teachers who play an important role in the progress of the Institution so that on the basis of feedback analysis the institution can make its own amendments for further resolution for the next session.

For the **odd session (2021-2022)** feedback from teachers has been taken on line mode. The feedback was taken regarding the curriculum.

The 6 major sections of the feedback survey are distributed as follows.

- Syllabus is suitable to the course and need based
- Aims and objectives of the syllabus are well defined and clear to teachers and students.
- Course content is followed by corresponding reference books/materials
- The course/syllabus has good balance between theory and Lab.
- The course/syllabus of this subject increased my knowledge and perspective in the subject area.
- The books prescribed/listed as reference materials are relevant, updated and appropriate

The objective of this feedback on curriculum is to assess whether it caters to the needs and requirements for student's employability, higher studies, or entrepreneurship. Since ours is an affiliated college, the curriculum is not designed by the college but this feedback helps the faculty to assess the course and this in turn can be put forth to the concerned authorities through the proper channels.

The responses given by each faculty is also tabulated.

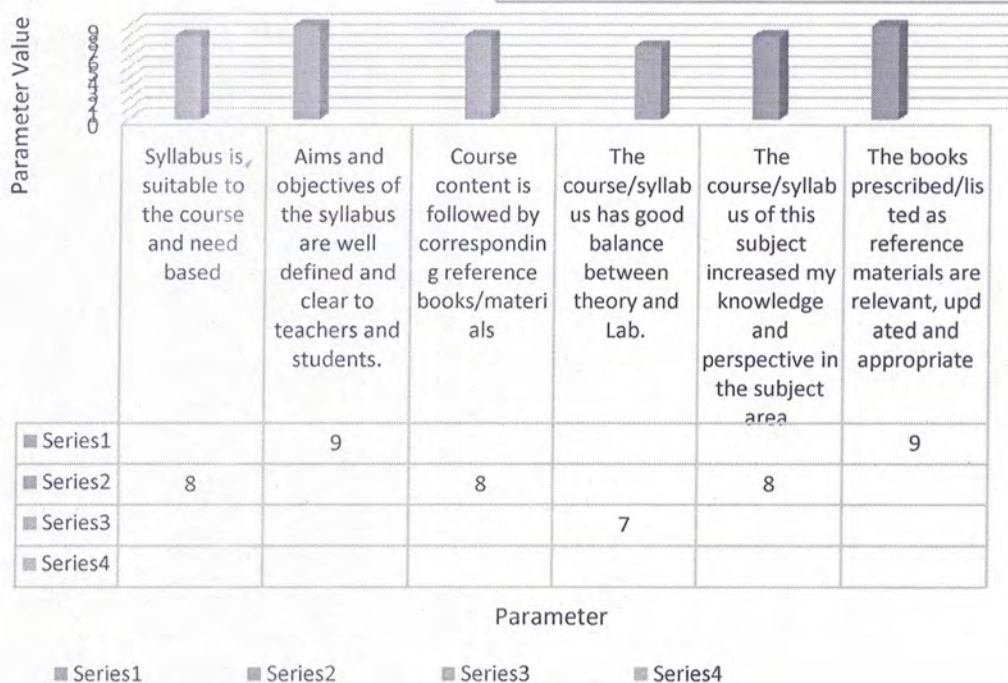

Faculty Name:-Mr. Shailendra Tripathi			Subject Name:-Human Anatomy and Physiology I		
Difficulty of the Subject			Semester:-I		
S.No.	Statement	Excellent	Good	Fair	Poor
1	Syllabus is suitable to the course and need based	9			
2	Aims and objectives of the syllabus are well defined and clear to teachers and students.	9

## Feedback from Faculty Members and action taken report Odd (2022-23)

S. No.	Feedback	Action Taken
01	Curriculum needs to be upgraded on par with the latest developments in the world and some changes were made after coming of semester system.	Curriculum for the first year we recommended PCI to Add "use of water in pharmaceutical" to the syllabus as it is not addressed.
02	Case study approach may be introduced. Group assignments and projects to be given	Case study assignments were given to the students. This helped them to acquire problem solving skills. Group assignments and projects were given to the students.
03	Faculty- student interaction may be enhanced. Smart class programmes may be made effective.	Faculties were asked to do the interaction with students more frequently and use the smart class rooms, and video conferencing etc made effective by use of ICT.
04	Current day industry training demand be considered in curriculum	Carrier guidance programs were given and counselling cell supported the development of softskills and communication ability
05	Entrepreneur and industrial ability of the students be encouraged	Innovation, Incubation, Entrepreneurship have been promoted in structured manner. Appropriate weight age has been given in revamped curriculum.
06	Research quality may be enhanced by collaborative research with other institutions in India and abroad.	MOUs/Agreements were signed with Industries, universities and reputed institutions to enrich research experience and facilitate staff and student exchange program.
07	Participation of the students in live projects, debates, workshops be appreciated appropriately	A methodology for student participation in debates and seminars was developed and applied.
