

4.2.1 Library is automated using Integrated Library Management System (ILMS)

At Arya college of Pharmacy, the library is automated by using the Integrated Library Management System (ILMS). We have installed **Delplus 2.0** in **01/07/2010**. **Delplus** is totally integrated software package which covers all aspects of library management. DelPlus 2.0 is multi-user library management software. In order to modernize and network the libraries in India, DELNET presents DELPLUS2.0 LAN Version. It is Multilingual, Multiuser and Multitasking software, which not only helps to effectively manage a library but also helps in reducing the overhead cost.

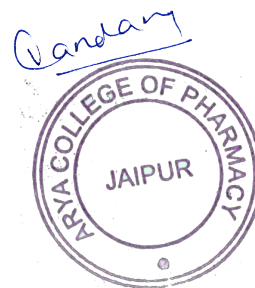

At Arya College of Pharmacy **DelPlus2.0** is used for following:

1. Master Setup
2. Classification of Members
3. Book Acquisition Maintenance
4. Cataloguing i.e., management of accession number system
5. Issue/Return or Renewals from single window
6. Book listing
7. Explore menus provided for easy navigation through the system

Thus, Library is automated with **Delplus** software version **2.0.0** and operative from the academic year **2010-11** Onwards

Name of ILMS software: Delplus2.0

Nature of Automation: Fully Automated

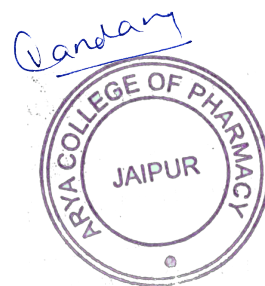

Arya college of Pharmacy Library was set up in 2004 to help the Educational and Research goals of the establishment by giving data in the formulation and evaluation of medicine and cosmetics and related fields. The modules of programming support all the exercises of the flow area including the issue and return of books, book reservations, updates and review of books, and late charges. There are devoted terminals for looking through the library assortment and Rack file.

- The dedicated staff helps the students find the necessary titles.
- The books are indexed, categorized according to programs and subjects.
- Our library has books related to the social pharmacy. Where students can learn about daily life. Which helps in decision making, and learn about self-development.
- We also have books for competitive exams like GPAT, Pharmacist, Drug inspector, and other government competitive examinations.
- All the labs are equipped with Internet connections, which makes it easier to connect to the up to date and latest technology of the respective field.
- We are having recorded lecture videos of our faculty in library computers

Following modules of Integrated Library Management Software are used:

- Circulation: Books Return and Issue
- Serial Control: Receiving/Tracing of Subscribe Print Journals Issues.
- Reports: Generate Reports (Statistics) like All Long due to pending books, Today's Return/Issue Books, etc.
